

Procuring Auction Items is Easy!

Easy as 1, 2, 3!

1. **The People.** Make a list of all the people you know, family, friends, co-workers, neighbors, and people where you shop and dine.
2. **The Items.** Review the A, B, C list. What would you like to see in the auction? Be creative! Experiences are the best sellers.
3. **The Match Game.** Begin matching the items with the people you know. Perhaps they are able to help you get the item from a third party.
