

Science Fair Project EXPERIMENT JOURNAL

QUESTION:

Hypothesis

(what you think the answer to the question is):

Materials:

- | | |
|----|-----|
| 1. | 6. |
| 2. | 7. |
| 3. | 8. |
| 4. | 9. |
| 5. | 10. |

Procedures

(steps in your experiment):

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

Variables (things that you changed):

Controls (things that always stayed the same):

Data:

(make a graph or chart below to describe and depict your experiment)

Results (what happened during/after experiment):

Conclusion:

(the answer to your question; was your hypothesis correct?)

Pictures:
